

STEINBEIS UNIVERSITY, GERMANY.

Master in Business Engineering – MBE in

Logistics and Supply Chain Management

1 Year in India (60 CP) + 1 Year in Germany (60 CP)

Logistics Sector Skill Council, (LSC) a not-for-profit organization registered under Sec.8 of Indian Companies Act, 2013 set up by Ministry of Skill Development & Entrepreneurship (MSDE)/ National Skill Development Corporation (NSDC) and Confederation of Indian Industries (CII) with the aim to ensure skill trained Human Resource at entry level and up-skill the logistics workforce. LSC works with stakeholders, including industry players, government agencies, training providers, and academic institutions, to identify the skill gaps in the logistics sector and design training programs to address those gaps in the logistics sector.

The Logistics Sector Skill Council collaborates with several leading Universities abroad to provide opportunities for Indian graduates to pursue higher education abroad and prepare themselves for international careers. Steinbeis University, Germany, is one of the foreign universities LSC collaborates with.

The University:

Steinbeis University, based in Germany, is a leading private institution renowned for its innovative, industry-oriented education model. Established in 1998, it emphasizes applied research and project-based learning, allowing students to tackle real-world business challenges within their organizations or industries. With programs tailored for professionals in management, innovation, and entrepreneurship, Steinbeis fosters practical expertise, critical thinking, and problem-solving skills. Its strong ties with industry leaders like Siemens, Mercedes, and Bosch offer students unparalleled networking and career advancement opportunities. Rooted in the Steinbeis Foundation's mission of knowledge and technology transfer, the university is an ideal choice for those seeking to enhance their careers through flexible, hands-on programs while contributing to business innovation and growth.

The Programme

Master of Business Engineering (MBE) is a two-year post-graduate programme with a total of 120 Academic Credits. The programme's first year is delivered in India by select authorized institutions. The students joining the MBE programme will complete their first year of study in India and acquire an Academic Credit of 60. The second year of study is conducted in Germany by the University for an Academic Credit of 60. Thus, students acquire a total of 120 Credits and qualify themselves to get the MBE Degree conferred by Steinbeis University.

Degree	In India		In Germany		Total	
	Duration	Credits	Duration	Credits	Duration	Credits
